YADİGAR ARSLAN

SOFTWARE DEVELOPER

PROFILE

Software development graduate from OSAO, qualified on 30 October 2026, with hands-on experience in web and mobile development, API integration and testing. My legal background brings analytical thinking, attention to detail and strong problem-solving skills to my work. I am seeking opportunities in software development, web development or software testing.

TECHNICAL SKILLS

Web and mobile
HTML, CSS, JavaScript, TypeScript, React, React Native, Expo, Bootstrap
Backend and databases
PHP, NestJS, SQL, MariaDB, API integration
Testing and tools
Jest, functional testing, Git, GitHub, VS Code, Docker
Other: Python and C# fundamentals

WORK EXPERIENCE

Software Development Intern

SkyLED Finland Oy | 04/2026 - 10/2026

Contributed to web and mobile application development and API integration within a team. Wrote unit tests, tested functionality, investigated bugs and documented findings.

Coding Teaching Assistant, Work Trial

Kodarit, Koodikaverit Oy | 04/2025 - 06/2025

Supported children with coding exercises and assisted with teaching using Unity, Scratch, JavaScript and Python.

Digital Workshop Trainee, Work Trial

BusinessAsema, Oulu | 04/2023 - 06/2023

Practised Python programming and gained introductory experience with 3D printing and laser cutting.

PREVIOUS EXPERIENCE

Legal Advisor | Yalciner Patent | 2018 - 2019
Rapporteur Judge | Court of Cassation | 2016 - 2017
Judge | Hendek Court | 2015 - 2016
Trainee Judge | Ankara | 2013 - 2015
Research Assistant | Afyon Kocatepe University | 2012 - 2013

Previous legal roles in Türkiye strengthened my skills in information analysis, accurate documentation, decision-making and meeting deadlines.

ADDITIONAL TRAINING

Introduction to Data Analytics | Loihde | 06/2023
SQL and Azure fundamentals
